By ED KINGSHOTT
There is hunger in San Antonio. Lots of it.

Just ask Kent Miller, the Rev. Ronald Willis or Mrs. Zer Zona Black.

They're seeing hunger on a daily basis in San Antonio and waging a personal war to prevent it.

All are concerned with feeding the poor every day in San Antonio. All operate non-profit organizations

SERVING COMMUNITIES FOR OVER 50 YEARS

In 1969, San Antonio was flourishing. A city of over 700,000 residents, the Alamo City was rapidly growing. However, with that growth, the city's homeless population also increased. Brought together because of a desire to serve others, five San Antonio Presbyterian churches joined efforts and the San Antonio Urban Council was created. Providing health care, education, homelessness support, senior citizen support, and child care to low income San Antonio families, the Council began many programs that would continue helping those in need for years to come.

FILLING THE NEED:

One of Endeavor's most successful housing programs, the Family Fairweather Lodge, serves vulnerable women and children affected by mental illness, abuse, and homelessness in Bexar County.

100% of our current residents have experienced homelessness, living under bridges, on the streets, in abandoned buildings, and in green spaces for an average of 23 months

100% of our adult residents have a chronic disability, including mental illness

100% of our families have been affected by family violence and 29% of our child residents have a developmental delay and/or disability

90% of our families have been involved with Child Protective Services

100% of our clients are below the poverty line

At the Fairweather Family Lodge, we provide a safe, healthy, secure environment for chronically homeless women and their children. On our campus, residents are provided case management, specialized parenting programs, life skills education, and employment opportunities, in addition to long-term housing, food, clothing, childcare, and other basic necessities. Our goal is to provide an environment that allows these families to achieve a life of stability, success, and self-sufficiency.

Within the next few years, Endeavors is looking to expand our program in El Paso and double our current footprint, constructing a new facility adjacent to the existing one in San Antonio. Providing additional housing, we project this expansion will allow us to serve an additional 60 mothers and children in a secure, apartment-style setting.

To learn more about our expansion, or to donate to our mission, contact us at txhousing@endeavors.org.

PERMANENT SUPPORTIVE HOUSING

Endeavors' Providing Sustainable Hope (PSH) programs provides permanent supportive housing to chronically homeless adults who have a disabling condition. Nearly 100 clients who suffer from mental health conditions, developmental disabilities, or substance abuse disorders will have access to supportive housing and long-term mental health counseling, employment assistance, educational services, life skills training, and basic needs such as food, clothing, and medical care.

Individuals are referred to the program through the local Continuum of Care, San Antonio Regional Alliance for the Homeless (SARAH).

You can contact SARAH at **(210) 207-1799**. For more information about Endeavors PSH program, contact txhousing@endeavors.org.

YOUTH RESILIENT PROJECT

Our Youth Resilient Project (YRP) provides Rapid-Rehousing (RRH) assistance to 45 self-identified gender Youth and Young Adults (YYA) within the ages of 18-24 who live in the Bexar County area. Clients of the YRP participate in our proven housing model that encourages safe and stable housing to heal from trauma and gain new skills through empowerment, thus preventing eviction.

Additionally, YRP clients have voluntary access to mental health counseling, parenting education, employment assistance, educational services, life skills training, mentorship, childcare, and basic needs such as food, clothing, and medical care.

By providing these participants with a safe place to live and opportunities to reach their potential, YRP establishes the first steps toward permanency for youth and young adults experiencing homelessness in San Antonio and the surrounding areas.

Individuals are referred to the program through the local Continuum of Care, San Antonio Regional Alliance for the Homeless (SARAH). You can contact SARAH at (210) 207-1799. For more information about Endeavors PSH program, contact txhousing@endeavors.org.

HOME STUDY REPORTS

As a current experienced DFPS contract holder in four Texas regions, our licensed and highly-qualified professionals provide essential services that improve the quality of life of many children each year.

Through regularly scheduled in-home visits, our staff delivers timely, high-quality home study reports that can be used for domestic adoptions and kinship/foster care decisions. We currently provide home study services for adoptive/foster families in 65 Texas counties, including the cities of San Antonio, Houston, El Paso, Corpus Christi, and those within the Rio Grande Valley.

98% satisfaction rate based on survey submissions from both the Department of Family and Protective Services and the families served
Submitted over **4,205** home studies and reports in 2019.

ENDEAVORS UNLIMITED

A Division of Endeavors

Endeavors Unlimited currently provides employment opportunities and services in El Paso, Houston, San Antonio, and Dallas-Ft Worth. Services include custodial, grounds maintenance, landscaping design and installation, window washing, tree trimming, and facility maintenance.

Our employees with disabilities learn the much needed adaptive behaviors that enable them to not only maintain employment once found but also to thrive and develop professionally.

The Endeavors Unlimited program has expanded to include employment services training in collaboration with Texas Workforce Commission – Vocational Rehabilitation Services to Texans with disabilities. These services include pre-employment training courses and job placement with local employers outside of Endeavors Unlimited.

For more information about the program, or to get a bid for services, email us at info@endeavorsunlimited.org.

GIVING EVERYONE WITH AN ABILITY A CHANCE

Founded in 1992, Endeavors Unlimited specializes in case management, providing supportive employment opportunities for people who live with one or more disability.

By partnering with commercial, government, and like-minded organizations, Endeavors Unlimited is able to provide two-fold premier services: supportive training and employment opportunities for disabled employees and commercial services for businesses and government entities.

MIGRANT SERVICES

MIGRANT WELLNESS SERVICES

A trusted partner of the federal government, Endeavors has provided direct care, staffing, and holistic programming for unaccompanied migrant children and families since 2013.

Seeking protection from the persecution and deteriorating social and economic conditions in their home countries, increasing amounts of migrant children and families have traveled to the United States hoping to make better lives for themselves. Through federal funding, Endeavors has launched a new program area to address wellness within this population.

Leading our migrant wellness programming will be a team of specifically trained and licensed clinicians who have proven experience in victim services, therapeutic regimens, and vital educational resources, as well as in recognizing human trafficking indicators. Our team has extensive knowledge and expertise to provide high-quality, trauma-informed, culturally, and linguistically appropriate mental health care to migrant families navigating the U.S. immigration process.

Endeavors' Migrant Wellness Services program provides the following federally funded program services to individuals and families seeking protection in the U.S.:

- Comprehensive Mental Health Screening and Evaluation
- Individual and Family Therapy
- Human Trafficking and Victim Educational Classes

Programming will initially include the following cities:

- El Paso, Texas
- San Antonio, Texas
- Houston, Texas
- Charleston, South Carolina
- Charlotte, North Carolina

Later in 2021, Endeavors will expand the program to California, the Northwest, Northeast, and the Midwest. To learn more about our Migrant Wellness Services, [contact migrantwellness@endeavors.org](mailto:migrantwellness@endeavors.org).

OUR PARTNERSHIPS

Bolstering our efficiency, effectiveness, and service delivery to migrant families, we have partnered with other nationally recognized migrant partners, thus ensuring exceptional and innovative care in several cities nationwide.

In this program, Endeavors will lead a national network of social service nonprofits dedicated to serving migrants and vulnerable populations. These organizations are deeply rooted in their communities and specialize in providing excellent care to migrants seeking protection. This partnership model allows Endeavors to reach clients in multiple cities across the U.S., and includes the following partners:

- **Chris 180:** *Atlanta*
- **Lutheran Family Services:** *Omaha*
- **Refugee Services of Texas:** *Houston, Dallas*
- **Lutheran Services of Florida:** *Delray, Fort Myers, Jacksonville, Miami, Orlando*
- **Utah Health and Human Services:** *Salt Lake City*

CHILDREN AND FAMILY SERVICES

For years, children have been coming to the United States to escape poverty, violence, and exploitation in their home country. After crossing the border, children who are unaccompanied by an adult are placed into the care of the Office of Refugee Resettlement (ORR), and a sponsor is identified. Endeavors was awarded a federal grant to help this population. Utilizing years of experience providing home studies for children in Texas, Endeavors also provides home studies and post-release services to unaccompanied children.

Through a combination of supervisors, case managers, and program experts, Endeavors is able to provide culturally appropriate, trauma-informed, child-centered case management services to unaccompanied children and their sponsors nationwide.

The Home Study and Post Release Services program allows Endeavors to help unaccompanied children in various ways:

- Ensure placement stability
- Provide support and case management
- Teach sponsors how to provide support and care
- Create innovative case management approaches
- Deliver home study and post release services
- Supply shelter for unaccompanied children

To learn more about Home Study and Post Release services, contact HSPR@endeavors.org

Endeavors is preparing to open a permanent shelter for unaccompanied children in Eagle Lake, a community project that will fill a critical need. The current pandemic crisis has redefined what emergency preparedness means, especially to the under-served populations of our community, with many of those including children.

Also working alongside the ORR, an office of the Administration for Children & Families (ACF) within The Department of Health and Human Services (HHS), our program will help children displaced from their family and loved ones. During their transition, each child is assigned a case manager.

The primary goals of the program include:

- Providing child care, mental health, and family reunification services for displaced youth at the new facility
- Ensuring Endeavors is fully trained in emergency behavior intervention practices
- Reuniting displaced youth with a loving and caring family member or sponsor
- Bringing new employment opportunities to Eagle Lake
- Reunifying of the child with a loving and caring family member or sponsor
Integrating the child into a nurturing home
- Placing the child in an environment that promotes positive mental growth
